

WARNING – NUISANCE PHONE CALLS

EMS Insurance Solutions has recently been contacted by a number of people asking to be removed from our contact list.

Please note EMS Insurance Solutions does not perform cold calling and we do not have a contact list for such calls. These phone calls we have been contacted about are not being made by EMS Insurance Solutions.

We have been advised of only two phone numbers so far (which follow) that many calls are being received from and considered a nuisance:

07 3177 6858
02 9188 3644

These calls are in fact being made by a company Emerging Marketing Solutions (EMS) who are part of Optimal Transnational. I have had confirmed that these calls are being made on behalf of Insurance Line, who has confirmed Optimal Transnational is one of their marketing partners.

I spoke with a manager at Emerging Marketing Solutions advising him his staff are telling people that they are from EMS Insurance which is incorrect. These callers are based in New Delhi, India so there is little that EMS Insurance Solutions can do about this.

Please be assured, EMS Insurance Solutions are in no way connected with these calls and we do not participate in any cold calling. If you have any concerns may I suggest phoning back the number and removing it from their contact list. If this does not help, maybe contact Optimal Transnational (I phoned them on 02 8014 2179) or Insurance Line direct.
